

EX-IMPORT
P T Y L T D

Product name: Elleebana Eye Pads
Manufacturer: Ex-Import Pty Ltd
This revision issued: 15th March 2024
Page 1 of 3

Section 1: Identification of Chemical, Product and Company

Address: Unit 5/92 Township Drive, Burleigh Heads, Queensland, 4220 AUSTRALIA
Telephone: +61 7 5576 6388
Web/E-mail: www.elleebana.com or info@elleebana.com
Substance: Eye pad
Trade name: Elleebana Eye Pads
Product Use: For protection of lashes during eyelash extensions
Creation Date: March 2024
Revision Date: March 2028

Section 2: Composition, Information on Ingredients

Pure Substance:

Ingredients I.N.C.I

I.N.C.I.	CAS Number:
Aqua (Water)	7732-18-5
Glycerine	56-81-5
Sodium Polyacrylate	9003-04-07
Tartaric Acid	526-83-0
Aluminum Glycinate	13682-92-3
Disodium EDTA	6381-92-6

Section 3: Potential Health Effects

Inhalation: May cause respiratory tract irritation. The toxicological properties of this substance have not been fully investigated.

Eye: Contact with vapor or liquid may irritate the eyes.

Skin: Slightly irritating to the skin.

Ingestion: May cause irritation of the digestive tract. The toxicological properties of this substance have not been fully investigated.

Section 4: First Aid Measures

Inhalation: If fumes or combustion products are inhaled remove from contaminated area. If symptoms persist, call a doctor.

Eye Contact: Rinse thoroughly with a lot of water for some minutes. If irritation continues, seek medical attention. Call a doctor if necessary.

Skin Contact: Not normally a risk, but if irritation occurs, wipe affected part and flush with lots of water.

Ingestion: Induce vomiting by letting victim drink plenty of water (unless unconscious). Contact a doctor immediately.

Note to Physicians: Treat symptomatically.

Section 5: Fire Fighting Measures

Extinguishing Media:

Fire-Fighting Instructions:

Special Firefighting Procedure:

Fire/Explosion Hazard

Explosion Danger

There is no restriction on the type of extinguisher which may be used.

Do not enter any enclosed or confined fire space without full protective equipment, including self-contained breathing apparatus to protect against the hazardous effects of combustion products and oxygen deficiency.

None

No combustible. Not considered a significant fire risk, however containers burn.

Possibility of slight explosion exists.

Section 6: Accidental Release Measures

Emergency procedures - Minor spills: Pick up.

Section 7: Handling and Storage

Handling Precautions: No special handling procedures required.

Storage Requirements: Store in film sachet. No special storage precautions required.

Section 8: Exposure Controls and Personal Protection

Protective Clothing/Equipment: The use of gloves impermeable to the specific material handled is advised to prevent skin contact and possible irritation.

Section 9: Physical and Chemical Properties

Physical Description & colour:	White Woven Fabric Eye Pad
Boiling Point:	Not available
Water Solubility:	N/A
pH:	6.0±0.5
Odour	Orange Fragrance
Vapor Pressure:	Not available
Viscosity:	Not available
Specific Gravity/Density:	Not available

Basis Weight of non-woven fabric with laminated film: 85.0gsm±3g

Section 10: Stability and Reactivity

Product is considered stable and hazardous polymerization will not occur.

Minimum durability before opening: 24 months

Minimum durability after opening: Use Immediately

Section 11: Toxicological Information

Skin Contact: Not normally a hazard due to physical form or product.

Eye Contact: The gel product can cause eye discomfort.

Inhalation: Not normally a hazard due to the non-volatile nature of the product.

Chronic Health

Effects: The product is non-harmful when used as directed

Section 12: Ecological Information

No data available.

Section 13: Spillage and Disposal Considerations

Disposal: Dispose of unused product or contaminated product and materials used in cleaning up spills or leaks in a manner approved for this material. Consult appropriate federal, state and local regulatory agencies to ascertain proper disposal procedures.

Section 14: Transport Information

UN Number: This product is not classified as a Dangerous Good by ADG, IATA or IMDG/IMSBC criteria.

No special transport conditions are necessary unless required by other regulations.

Finished packaged product transported by ground (DOT): Non-hazardous

Finished packaged product transported by vessel (IMDG): Non-hazardous

Finished packaged product transported by air (IATA): Non-hazardous

Section 15: Regulatory Information

AICS: This product is compliant with NICNAS regulations.

Poison Schedule: None

Section 16: Other Information

This MSDS contains only safety-related information. For other data see product literature.

ACRONYMS:

ADG Code	Australian Code for the Transport of Dangerous Goods by Road and Rail
AICS	Australian Inventory of Chemical Substances
ASCC	Office of the Australian Safety and Compensation Council
CAS Number	Chemical Abstract Service Registry Number
IARC	International Agency for Research on Cancer
NTP	National Toxicology Program (USA)
